Transform your oncology pharmacy: Expert support for MID optimization

Specialty Practice Rx Services helps optimize medically integrated dispensing (MID) programs through targeted pharmacy guidance and meaningful collaboration. We work closely with your team to refine operations, surface missed opportunities, and maintain compliance.

We support your practice with:

- Quarterly dispensing reviews with financial and trend insights
- Capture rate and leakage reporting to inform strategy
- Workflow refinement and gap analysis
- Audit preparation and foundation tracking

Whether you're navigating payer shifts or fine-tuning performance, we're here to support your practice and help maximize the impact of your MID program.

We are entering a transformative era in healthcare—one marked by remarkable advancements and complex challenges. At Oncology Supply, we recognize the power of strong partnerships, and the critical role innovation plays in driving better outcomes for your patients.

As we look ahead to 2026, we are thrilled to introduce new inventory management enhancements designed to streamline your operations and improve efficiency. These advancements, combined with cutting-edge solutions, underscore our unwavering commitment to empowering your practice to deliver exceptional care. Our field representatives are key partners in this journey, offering expertise in technology and fostering meaningful connections to ensure you maximize the value of our tools and services.

Our tenured sales team remains dedicated to understanding your unique needs. By bringing your feedback directly to Cencora, we continually refine our capabilities—delivering best-in-class customer service, tailored solutions and competitive pricing that meet the demands of your practice. Through collaboration and advocacy, we are proud to champion the needs of oncology practices, ensuring your voice is heard and your challenges are addressed.

Thank you for trusting Oncology Supply as your partner in care. Together, we will navigate the complexities of this dynamic industry and continue to advance patient care for years to come.

Warm regards,

Annette Bentley

Are you ready for seasonal vaccines season?

Fighting flu and COVID-19 requires staying ahead of the game. Rest assured that we have the purchasing advantages, tools, and support you need for a successful seasonal vaccines program. With our seasonal vaccines program, you can enjoy:

Priority for preorders

Get ahead of demand with priority shipping based on manufacturer schedules.

Price protection

Receive your lowest authorized price from order to shipment.

Flexible returns

Minimize the risk of excess inventory with product return options.

Variety of products

Access flu and COVID-19 vaccines for patients of all ages.

Ordering convenience

Order anytime via ABC Order, email, or phone.

Dedicated support

Our seasonal vaccine team is here to assist you every step of the way.

Partner with us to make this seasonal vaccines season your most successful yet!

HCPCS Codes are subject to change and accuracy is not guaranteed. Please consult the Healthcare Common Procedure Coding System (HCPCS) for the most accurate and up-to-date information. This is not representative of our full product catalog, to see all of the products we carry please go to oncologysupply.com and sign in to ABC Order. Availability of products is subject to change. Oncology Supply is not responsible for accuracy of categorization.

Our purpose is to source safe and effective medicinal products that drive quality and efficiency in pharmaceutical care to help improve patients' lives

BluePoint provides better supply continuity through:

- Securing three plus months of safety stock in Cencora warehouse
- The ability to expedite orders during high demand
- The ability to secure up to six months of supply with manufacturers
- Two private labels: BluePoint and OncoPoint – with different contracts for each label

BluePoint drives quality of drug product through:

- Rigorous lab testing for each batch of product based on FDA guidelines
- Product reviews for CoA and CoC
- Routine audits of manufacturing sites and distribution channels

Navigate MIPS reporting with confidence

Discover the advantages of partnering with our MIPS Consulting Services

Our consultants provide you with strategic guidance throughout the year, helping to navigate MIPS reporting complexities. We advise on:

- Effective strategies to boost your providers' MIPS scores
- Upward payment adjustments
- Intentional ways to alleviate the MIPS reporting burden
- Audit-readiness

Our partnership doesn't end at enrollment. Benefit from regular monitoring and ongoing guidance to keep your practice on track.

Together, we can simplify your MIPS experience and position your practice for success.

Achieve MIPS success with our expert team by your side.

Access up-to-date NCCN® order templates within IntelliDoseTxM

With a subscription to the NCCN library within IntelliDoseTxM, you can access the fully integrated, dynamically updated NCCN cancer care recommendations for your patients.

- Preview each treatment plan and corresponding order sets
- Activate only the plans your providers need
- Customize supportive care drugs to your practice formulary
- Quickly view NCCN reference material
- Receive automated updates within IntelliDoseTxM of new NCCN treatment protocols
- Maintain NCCN-referenced template notes

Request a demo to see NCCN order templates within IntelliDoseTxM.
Call 877.570.8721, ext. 2, or email info@intrinsiq.com.

ABC Central is your go-to resource for essential updates

ABC Central is a great resource for price changes, product announcements, and other essential resources with its own message center.

To access, you just need to click sign in on oncologysupply.com, you can get to it through ABC Order.

Investing in
your future

**Modern oncology is more complex than ever,
that's why we're investing in Nucleus to help
you meet those evolving demands.**

Transforming the Nucleus portal

- Essential functionality now available on the web
- Purchasing, receiving, dispensing, reporting
- Use Nucleus without a physical station

Reinventing the Nucleus stations

- Smarter, sleeker, and scalable
- Flexible configurations, from countertop to full scale
- Designed for any practice size or workflow.

**Contact your Nucleus technical consultant today to learn more about our future plans,
or speak to Oncology Supply at 800.633.7555, email service@oncologysupply.com.**

Together, we can help your practice stay ahead in an ever-changing oncology landscape.
